

Wiggle Out for Cancer

***Come ye, Merry wanderers
of the night... and remember
“Fairy Dust is like love.
It creates magic whenever
you give it away.”***

We would like to take this opportunity to express our gratitude to all those who participated in this immensely important charity event. We started the "Wig Out for Cancer" gala as a way for us all to gather and join forces to provide funding to underserved cancer patients and local cancer centers in our community.

Through Dana's personal journey as a survivor, we understand the debilitating financial burden and time-consuming treatments that are required to survive this devastating diagnosis.

By participating in Wig Out for Cancer, you have chosen to join a community dedicated to holding hands with our neighbors who are diagnosed with cancer as they travel their uncharted journey through treatment. You are providing financial assistance, but more importantly, you are offering emotional, spiritual, and mental support as they conquer each obstacle along their path.

We offer nothing short of admiration to each of our dedicated sponsors, volunteers, vendors, and all of the attendees this year. Thank you for supporting our vision. Together, we can continue to provide assistance to Volusia County cancer patients. Together, we can provide hope. Together, we can ensure a bright future for all those fighting to recover and live.

Cancer is not the end.

With all of the love and healing we possess,

OUR HISTORY

A group of community leaders concerned about the health needs of the region established the Pierson Medical Center as the first federally recognized community health center in Volusia County. Since then, the organization has grown to become a system of community health centers under a new name serving the needs of the region.

OUR VISION

We will provide quality care to all, regardless of age, race, nationality, income, employment, or health insurance. Services will not be denied based on the ability to pay.
